

## Vega de Yuco

red

listán negro  
LANZAROTE

## Vega de Yuco red

type of wine	red
alcohol content	13%
grape varieties	listán negro
type of aging	young red
barrel	no
Designation of origin	Lanzarote

**Vega de Yuco red** is the youngest and freshest expression of our listán negro, a clearly Atlantic wine, produced without contact with wood to enhance its varietal character. Of limited harvest, we seek a wine that faithfully represents the volcanic terrain where it come from. Plants cultivated on foot in traditional system of holes.

### COLOUR

It is a clean and brilliant wine, with a very lively and intense ruby red colour.

### NOSE

Intense and fruity aromas, with pleasant notes of red and black fruits, in which the perfume of blackberries predominates.

### MOUTH

In the mouth it is fresh, fleshy, long and with pleasant fruity nuances in the aftertaste.

Vega de Yuco red combines perfectly with any platter of cured ham, semi-cured cheeses, white meats, vegetable stews and legumes. A wine that stands out for its vocation to combine flavours.
